<b>Designation</b>	District Program Officer
<b>Location</b>	District Office
<b>Employment type</b>	Renewable fixed term contract
<b>Report to</b>	District Manager
<b>Functional reportees</b>	Block Officer
<b>Employment level</b>	Middle

### Organization Background

Established in 2007, Educate Girls (a project of 'Foundation to Educate Girls Globally') is holistically tackling issues at the root cause of gender inequality in India's education system that has helped to ensure over 90% enrolment and higher attendance as well as improved school infrastructure, quality of education and learning outcomes for all girls.

Our comprehensive model helps communities assess their school situation, initiate action plans and empowers them to sustain positive results at the lowest cost. Educate Girls believes that if girls in the most backward gender gap districts are educated now, they will have the potential to enter the formal economy, gain employment and lift their families out of poverty. By leveraging the government's existing investment in schools, Educate Girls delivers measurable results to a large number of beneficiaries and avoids duplication or parallel delivery of services.

Because of the sustainability and scalability of the model, Educate Girls has grown from a 500-school pilot project in the Pali district of Rajasthan to now serving thousands of schools, reaching millions of children in some of India's most remote areas. The non-governmental organization has a management and outreach office in Mumbai and operations in Rajasthan and Madhya Pradesh and is committed to launching interventions in multiple new geographies across India over the coming years.
