

EDUCATE GIRLS AIMS TO EMPOWER 1.5 MILLION GIRLS TO ENTER THE CLASSROOM BY 2025

28 million girls aged 5-17 are out-of-school in India.^[1] Of the myriad reasons for this, almost all of them relate to one thing: their gender.

It is a well-known fact that investing in girls' education can create a true, positive multiplier effect!

9 of the 17 Sustainable Development Goals (SDGs)^[2] are directly addressed by educating girls. With some of the largest number of out-of-school girls currently living in India, there is no better place and time to focus our efforts than here and now.

OUR MODEL

We leverage existing Government and community resources to achieve:

Increased
ENROLMENT

Increased
RETENTION

Improved
LEARNING OUTCOMES

CREATE COMMUNITY OWNERSHIP
Cadre of village-based volunteers (Team Balika)

IDENTIFY OUT-OF-SCHOOL GIRLS
Using technology for door-to-door survey & profiling

ADDRESS MINDSETS FOR BEHAVIOUR CHANGE
Counsel parents via home visits

MOBILISE COMMUNITIES
Conduct village meetings and rally influencers

**SUPPORT SCHOOL GOVERNANCE AND
INFRASTRUCTURE DEVELOPMENT**

ENSURE FOUNDATIONAL LITERACY AND NUMERACY SKILLS FOR CHILDREN
Using remedial teaching tools and techniques

IMPART LIFE SKILLS TRAINING

KEY INSIGHT

India is a country of over 700,000 villages. This can make the work of tackling the issue, one village at a time, feel endless, if not impossible.

Using advanced analytics, Educate Girls has been able to identify that just 35,000 of India's villages hold the highest out-of-school girl population.

These villages, concentrated in four states (Rajasthan, Madhya Pradesh, Uttar Pradesh, and Bihar), are challenged by multiple threats of extreme poverty, illiteracy, child marriage, early childbirth, malnutrition, stunting and deep patriarchy.

VISION 2025

Educate Girls will:

 enrol **1.5 million** out-of school girls

 retain **90%** of all enrolled girls

 impart **life skills** to **70,000+** adolescent girls

 improve learning outcomes for **1 million** girls and boys across Grades 3-10

 benefit over **15 million** children by supporting school governance and infrastructure development

enrolment target

ABOUT US

Established in 2007, Educate Girls' is a non-profit that focusses on mobilising communities for girls' education in India's rural and educationally underprivileged areas.

Strongly aligned with the 'Right to Education Act' or the 'Samagra Siksha', Educate Girls is committed to the Government's vision to improve access to primary education for children, especially young girls.

Educate Girls currently operates successfully in over 21,000 villages in Rajasthan, Madhya Pradesh and Uttar Pradesh. By leveraging the Government's existing investment in schools and by engaging with a huge base of community volunteers, Educate Girls helps to identify, enrol and retain out-of-school girls and to improve foundational skills in literacy and numeracy for all children (both girls and boys). This helps deliver measurable results to a large number of beneficiaries and avoids parallel delivery of services.
